

Wick Guide

Stabilo (CD) Wicks

Stabilo Wicks are a flat braided cotton wick with paper fibers woven throughout. They are designed to promote maximum and consistent capillary action while ensuring a wick trimming flame posture. Stabilo wicks are often used in tealights, votives, pillars, and containers because they provide increased rigidity and enhanced burning properties for all types of waxes.

	Pool Diameter (IN)	Flame Height (IN)	Rate of Consumption (oz/hr)
CD 4	1.90"	1.60"	0.16
CD 6	2.10"	1.80"	0.19
CD 8	2.20"	1.80"	0.20
CD 10	2.30"	2.00"	0.21
CD 12	2.40"	2.20"	0.22
CD 14	2.50"	2.20"	0.23
CD 16	2.70"	2.30"	0.24
CD 18	2.80"	2.30"	0.25
CD 20	2.80"	2.40"	0.26
CD 22	2.90"	2.40"	0.27
CD 24	2.90"	2.60"	0.28
CD 26	3.00"	2.60"	0.29

*The data provided in this document are meant to serve only as a guide for our customers to assist them in wick selection. Many variables exist in candle wax types, additives and formulations for individual candle systems. Final wick selection should always be confirmed through the customer's own testing process to determine if a particular wick is the best choice for a particular candle system. Fillmore Container is not responsible for selections made by the customer using any of the reference material contained in this document. For optimal burn performance in specific candle systems, we strongly recommend that customers conduct extensive burn test in their own burn lab. **The importance of candle testing cannot be overstated.***
